

## Nurse Scholars Award

### Nurse Scholars Award

*We recently revised our award program and are pleased to offer a \$5,000 Nursing Scholars Award to new graduate RNs who begin their nursing career at Presbyterian Healthcare.*

#### **Eligibility Requirements:**

- Successfully complete a nursing program and the state board exam
- Apply to the Nurse Internship Program, complete the application/interview process, accept a position and begin work at Presbyterian Hospital as a full-time staff RN
- Have been employed as an RN for six months or less

#### **Award Information:**

Upon beginning work, each new RN graduate will receive \$5,000 in award funds to be distributed over the course of the first two years of employment. The funds will help to assist in the repayment of school expenses that may have been incurred. The \$5,000 is equally divided among 52 pay periods (two years) and distributed via bi-weekly paychecks, in addition to regular wages earned. The \$5,000 award will be adjusted to a higher amount in order to cover a portion of the taxes. The recipient will be responsible for covering all additional taxes.

#### **Commitment to Presbyterian Healthcare:**

- Recipients, in order to continue receiving award funds, are expected to work at Presbyterian Healthcare for two years, full time as a staff RN, and will be required sign an award agreement as a condition of employment.

**No application is necessary for this award. You need only to apply for and accept a position.**
